The Leroy Vanderpool Award

The Leroy Vanderpool Award was created by his fellow Quad State Instructor members to honor his professionalism, dedication and many contributions to the safety industry. His outstanding dedication, leadership and service to the many organizations he worked so hard for, were an inspiration to us all. Leroy ultimately lost his battle with Lou Gehrig's disease in 2006. This award pays tribute to his demonstrated characteristics while keeping Leroy in our hearts and minds.

Past recipients of the award are:

- 2008 Deanna Soderberg, Powerline Safety
- 2009 Norm Clark, Clark Safety & Loss Control Services
- 2010 Greg Morgan, Big Rivers Electric Corporation
- 2011 Bob Cooper, Nebraska Rural Electric Association
